## A Remarkable Escape.

Mrs. Mary A. Dalley, of Tunk-hamook, Pa., was afflicted for six years with Asthma and Bronchitis, during which time the best physicians could give no relief. Her life was despaired of, until in last October she procured a bottle of Dr. King's New Discovery, when immediate relief was felt, and by continuing its use for a short time she was completely cured, gaining in flesh 50 lbs. in five months. Free Trial bottles of this certain cure of all Throat and Lung Diseases at Jos. LeCompte's Drug Store. Large size \$1.00.

## Y. W. C. T. U. Notes.

The Y. W. C. T. U. meets every Wednesday afternoon at three o'clock, at the Christian Church. The Young Woman's Union, at half past four o'clock, at the same place on same afternoon.

In the House of Representatives a few days ago, Mr. Long, of Massachusetts, characterized whiskey as the dynamite of human civilization.

No common question has come to the front more resolutely of late than the question "how to deal with the traffic in intoxicating liquors." It has evidently "come to stay" and will be an increasing perplexing element in all political calculations.

Statistics show that nearly all the crimes, shame, disgrace, sin and misery in this country are caused by intemperance.

In 1870 there were in the United States one hundred and forty thousand licensed liquor saloons. If turned into a street with saloons on each side, allowing twenty feet to each saloon, they would make a street two hundred and sixty-five miles long.

Dr. Willard Parker, of New York, says, "Alcohol has no place in the healthy system but is an irritant poison, producing a diseased condition of body and mind. It has been demonstrated that the use of alcohol, when employed moderately, as many young men often use it, as they think with impunity, makes the average of life thirty-five and a half, while the non-use reached an average of sixty-four and one-sixth years."

Dr. N. I. Davis says, "The use of alcoholic drinks diminishes man's capacity to endure both mental and physical labor, increases his predisposition to disease and shortens the average duration of life."

A distinguished clergyman in one of our Eastern cities was met by a dejected looking individual, with a flask of whiskey in his pocket, who inquired, "Sir, is this the nearest road to the Alms-house?" "Sir," replied the clergyman pointing to the bottle, "but that is."

The women of Ellenville, N. Y., quietly informed the business men that all who voted in favor of license would lose their trade. It is needless to say prohibition won by a grand majority.

Can you not sign the pledge and speak a warning word to the tempted and erring whenever an occasion is presented?

A full attendance of the members of W. C. T. U. is desired at their next meeting on Wednesday afternoon, as business of importance will be presented.

## These are Solid Facts.

The best blood purifier and system regulator ever placed within the reach of suffering humanity, truly is Electric Bitters. Laidly of the Liver, Biliousness, Jaundice, Constipation, Weak Kidneys, or any disease of the urinary organs, or who ever requires an appetizer, tonic, mild stimulant, will always find Electric Bitters the best and only certain cure known. They act surely and quickly. Every bottle guaranteed to give entire satisfaction or money refunded. Sold at fifty cents a bottle at Jos. LeCompte's Drug Store.

Seldom, if ever, has a richer musical treat been offered to lovers of amusement in this city than that which will be offered by the Wilbur Opera Company at the Grand Opera House next Friday and Saturday evenings and Saturday matinee. The Wilburs are generally recognized as being the foremost Comic Opera Company in America, and they are beyond question the most popular and successful. Their professional career has been a series of three years, substantially unchanged in its organization, and to them more than any other Company, the improvement in comic opera is due. This season they have met with unprecedented success, and have been received everywhere with enthusiasm, and its work characterized as the best ever done by any similar organization. A long list of names of known ability, a splendid chorus go to make up the personnel of this "Grand Old Company" will be given Friday evening, "Princess of Penzance" at the matinee, and their new opera, for the first time here, "Prince Consort," on Saturday evening—Grand Opera House.

The above company will appear at the Opera House May 26th.
